

## Level Seven Programme Plan

*Social Sciences Conceptual Strand: Place and Environment – students learn about how people perceive, represent, interpret, and interact with places and environments. They come to understand the relationships that exist between people and the environment.*

### Achievement Objectives

*Students will gain knowledge, skills and experience to:*

- Understand how the processes that shape natural and cultural environments change over time, vary in scale and from place to place, and create spatial patterns.
- Understand how people's perceptions of and interactions with natural and cultural environments differ and have changed over time.
